- Terrific new Parker invention writes on practically anything! Even writes over hand prints . . . grease spots . . . glossy photos . . . in a way no other ballpoint pen will do!
- Parker's secret new T-BALL tip is porous! 25,000 tiny veins feed ink through the ball as well as around it! And, the T-BALL tip is textured—50,000 microscopic "ink cups" give constant traction with paper.
- The T-BALL JOTTER writes a clean, clear line . . . instantly, smoothly, effortlessly . . . and it writes 5 times longer than ordinary ballpoint pens!

A model for every program — every budget! Jewelry finish cap and metal parts never spot, tarnish or chip — tough plastic barrels will not warp, split or fracture.

Special \$1.95 Model J-1 available in seven popular colors: black, light grey, red, ivory, green, light blue and deep blue.

Deluxe \$2.45 Model J-3 available in gleaming black, ivory, charcoal, light grey, medium blue, red and green.

Custom \$2.95 Model J-2 in rich, brushed stainless steel cap and barrel.

Outside—new ball is textured — gives smooth, non-skid writing!

Inside—New ball is porous— yet harder than solid steel!

NOW AVAILABLE — T-BALL JOTTER REFILL
